

Wetland *Restoration*

Mark Nonken Wetland Project

Project Profile

Landowner: Mark Nonken
Location: Butler County
Focus Area: Private Land
Habitat Restoration: 2-acre wetland and buffer
Project Year: 2002
Project Cost: \$4,771

This project was supported by the Flint Hills Chapter and involved the development of a two-acre wetland with associated native grass buffer on private land in Butler County. The cost of the project was estimated at \$4,771 with the PMT approving \$3,551 toward the development.

Partners on the project include the Butler County Conservation District, NRCS and the SCC. An educational tour of the project was provided by the Conservation District as part of the Flint Hills Chapter kickoff meeting held on October 2, 2002.
