

# Riparian Zone *Improvement*

## Senn Trust Fencing Project

### Project Profile

**Landowner(s):** Senn Trust  
**Location:** Jackson County  
**Focus Area:** French Creek/Perry Reservoir  
**Habitat Restoration:** Riparian Zone  
**Project Year:** 2004  
**Project Cost:** \$3,752

This project was submitted to the KAWS Glacial Hills Chapter and fenced cattle out of 1,904 feet of French Creek which flows directly into Perry Reservoir. It was used as a demonstration project at a grazing management workshop held by the Conservation District in August of 2004. The project is located in the NW ¼ of 27-9-17 in Jackson County. The total cost of the project was \$29,803 and KWO/KAWS provided \$20,000 in

order to complete the project. Along with fencing 1,904 feet of French Creek, the project also re-established 7.9 acres of riparian buffer and ultimately affected 160 acres in Jackson County for improved water quality.
