

Urban Wetland *Restoration*

St. Paul Wetland Project

Project Profile

Landowner(s): St. Paul's Methodist Church

Location: Johnson County

Focus Area: Private Wetland

Habitat Restoration: 15 acres

Project Year: 2004

Project Cost: \$40,288

This project was submitted to the KAWS Eastern I-70 Chapter. It involved the Restoration of a 15 acre urban site that included improving an existing .6 acre impoundment, developing 5 small retention structures along the stream, and restoring the degraded stream channel and associated riparian corridor. The total project cost was \$40,288 with PMT approval for funding assistance up to \$20,000. The actual funding amount provided by KAWS for this project was \$18,952.50. This particular project restored 1 acre of wetland and 1.5 acres of wetland buffer ultimately affecting 7.5 acres of land.
