

Rural Wetland *Restoration*

Wilkens Wetland Project

Project Profile

Landowner(s): Ardene Wilkens

Location: Cheyenne County

Focus Area: Private Wetland

Habitat Restoration: 3 acres

Project Year: 2004

Project Cost: \$4,720

This project was submitted to the KAWS Prairie Wetlands Chapter. It is a wetland enhancement from approximately .15 acres up to 2.5 acres along an unnamed tributary to Big Timber Creek.

Under NRCS design, the wetland buffer area will be seeded and fenced to exclude livestock use. The total project cost was \$4,720 and KAWS contributed \$3,304 to help get this project completed. All together, this project had three acres of wetland restoration and 22.4 acres of wetland buffer protected. This project ultimately affecting 150 acres of land in Cheyenne county.
